DETAILED ACTION

This Office action is in response to the applicant's paper no. 11 filed on 10/20/03.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 1 and 12 preamble drawn to a siding system, which combination with "a component", however, depending claims 2-11, and 13-14 are drawn to only "the component". Therefore, the claims are considered indefinite because it is unclear that what being claimed whether a siding system or a component? The applicant should amend/clarify to ensure that all the claims being claimed consistently.

Allowable Subject Matter

Claims 1-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claim 1 is allowable for a component having an integral fastener for engaging a siding strip receiver and claims 2-11 depending on claims 1.

Claim 12 is allowable for an outwardly bowed simulating profile body with opening for utility receiving, and claim claims 13-14 depending on claim 12.

Claim 15 is allowable for a component having an integral fastener for engaging a siding strip receiver as specifically set forth in the claim. Claims 16-18 depending on claims 15.

Art Unit: 3635

Claims 19-23 are method claims.

Response to Arguments

Applicant's arguments with respect to claims 1-14 have been considered but are moot in view of the 112, 2nd of rejection.
